1. This is a first Office action on the merits for application serial number 10/671,898. This action is in response to the election received 06/07/06. The species of figures 11-13 has been elected without traverse. Claims 1, 5-6, 8, 11, 12, 14, 15, 18, 19 and 22 are readable thereon. Claims 2-4, 7, 9, 10, 13, 16, 17, 20, and 21 are withdrawn from consideration for being directed to non-elected inventions.

2. Figures 1-4 should be designated by a legend such as --Prior Art-- because only that which is old is illustrated. See MPEP § 608.02(g). Corrected drawings in compliance with 37 CFR 1.121(d) are required in reply to the Office action to avoid abandonment of the application. The replacement sheet(s) should be labeled "Replacement Sheet" in the page header (as per 37 CFR 1.84(c)) so as not to obstruct any portion of the drawing figures. If the changes are not accepted by the examiner, the applicant will be notified and informed of any required corrective action in the next Office action. The objection to the drawings will not be held in abeyance.

3. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless-

(a) the invention was known or used by others in this country, or patented or described in a printed publication in this or a foreign country, before the invention thereof by the applicant for a patent.

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

4. Claims 1, 5-6, 8, 11, 12, 14, 15, 18, 19 and 22 are rejected under 35 U.S.C. 102(a) as being anticipated by US 2003/0009980 to Shahnazarian.
